

# Lilliput Sailing Club Dinghy Yard Plan

- Row 1. Smaller boats which store with stepped masts, e.g. Laser, Pico, Topper
- Row 2. Small to Medium boats, e.g. Supernova, Solo, Phantom
- Row 3. Medium to Large boats, e.g. RS Vision, Laser 2000, Laser Stratos
- Row 4. Large, heavy boats, e.g. Wayfarers

The following guidance should also help everything run smoothly:

- Please fill up the rows from the end furthest from the car park first.
- Please park your boat as close as possible to its neighbour
- Please leave enough turning space between the rows
- Ensure that your boat label is visible with the cover on
- Ensure that your trolley is labelled
- Ensure that your trolley is serviceable and mobile – no locks!
- Ensure that your boat is secured so it won't fly away, i.e. fit some kind of anchor, disk brakes are a favourite. Note: it's usually required by your insurance policy.
