This timetable is correct at going to press, any changes will be published on the following websites:

www.phc.co.uk or www.boroughofpoole.com

Notes:

- * As soon as the first lift is completed and the bridge reopened to road traffic.
- ** If required, then as soon as the second lift is completed and the bridge reopened to road traffic.

Note 1 All vessels to be on station at **scheduled lift time** and make contact with the Bridge Operator.

Note 2 Which bridge opens at the **scheduled lift time** (Lift 1) will normally be as published, but may alter depending on boat traffic and tidal stream.

Note 3 If there are no boats on station at the **scheduled lift time** then no lifts will take place.

Note 4 All scheduled times will consist of a two or three bridge sequence depending on the boat traffic on station.

Note 5 Lift 3 in a sequence will not be provided if it is required within 15 minutes of the start of the following sequence.

Note 6 Mariners may use the holding berths on the West (Hamworthy) side of the basin between lifts.
